LIKE A PLOT FROM A SCIENCE FICTION MOVIE, SURGEONS IN FRANCE HAVE DEFIED THE ODDS CARRYING OUT THE WORLD'S FIRST PARTIAL FACE TRANSPLANT. THE 38 YEAR OLD FEMALE PATIENT, SEVERLY DISFIGURED FROM A DOG BITE RECEIVED A NEW NOSE, CHIN AND LIPS FROM A BRAIN DEAD WOMAN. "IT IS SIGNIFICANT BECAUSE IF IT DOES WORK // IT WILL OPEN A LOT OF AVENUES FOR MANY PATIENTS WHO HAVE LOST THEIR FACE EITHER DUE TO BURNS OR EVEN CANCER OF PARTS OF THE FACE." THIS IS THE SAME FRENCH TEAM THAT CARRIED OUT THE WORLD'S FIRST HAND AND FOREARM TRANSPLANTS. EXPERTS SAY REAL RISK COMES WITH THIS LATEST PROCEDURE AND BELIEVE DESPITE THE POSITIVE RESULTS SO FAR THERE COULD BE MEDICAL COMPLICATIONS IN THE FUTURE. "WHAT HAPPENS // IN THE MEANTIME IF THE IMMUNO SUPPRESSANT DRUGS DIDN'T WORK AND THE FACE TRANSPLANT IS REJECTED? THE PATIENT MAY WELL BE WORSE OFF THAN THEY WERE BEFORE THE TRANSPLANT." DOCTORS SAY THE PATIENT'S SKIN COULD FALL OFF AND THERE ARE ALSO SERIOUS CONCERNS ABOUT THE PSYCHOLOGICAL EFFECTS ON THE PATIENT, THEIR FAMILY AND THE DONOR'S FAMILY. "WHENEVER SOMEONE PASSES ON YOU DON'T HAVE A PHOTO OF THEIR KIDNEY OR HEART ON THEIR MANTEL, YOU HAVE A PHOTO OF THEIR FACE AND IF YOU ARE GOING TO BE DONATING THAT FACE AND DISFIGURING THE FACE OF THE LOVED ONE IMMEDIATELY AFTER A LOSS THAT IS PSYCHOLOGICALLY PRETTY CHALLENGING." THIS PROCEDURE WAS ONLY A PARTIAL FACE TRANSPLANT. SURGEONS HERE IN THE U-S ARE HOPING TO PERFORM A FULL FACE TRANSPLANT WITHIN THE YEAR.

"YOU DON'T HAVE HIV. DO YOU THINK THAT'S A MIRACLE? ARE YOU SURPRISED?" NANCY: "I WAS SURPRISED. IT'S A MIRACLE FROM GOD. I COULD NOT EXPECT THAT." BUT 43-YEAR-OLD NANCY NDEGEWA'S LIFE HAS BEEN FILLED, WITH THE UNEXPECTED... THIS PAST JANUARY, HER HUSBAND DIED OF AIDS.... FOR MORE THAN 2 DECADES, SHE WORKED AS A PROSTITUTE TO SUPPORT HER FAMILY, BY HER OWN ADMISSION, SHE HAS BEEN EXPOSED TO THE VIRUS THOUSANDS OF TIMES THROUGH UNPROTECTED SEX.... YET... SOMEHOW... SHE NEVER GOT INFECTED... "YOU STARTED THIS WORK IN 1981. HOW MANY WOMEN FROM BACK THEN ARE STILL ALIVE?" NANCY: "THE WOMEN ARE NOT HERE. ALL OF THEM HAVE DIED." NANCY SHOULD HAVE ALSO DIED... YEARS AGO.... BUT SHE, ALONG WITH OVER 100 OTHER PROSTITUTES IN THIS NAIROBI SLUM, ARE NOT ONLY LIVING, BUT ARE, EXPERTS SAY RESISTANT TO H-I-V, THE VIRUS THAT CAUSES AIDS.... PEOPLE LIKE NANCY, SHOWS US THAT THERE IS A WAY IN WHICH WE CAN PROTECT THE IMMUNE SYSTEM -- THE BODY FROM INFECTION BY THE VIRUS. NOW THE THING ABOUT IT IS THAT YOU JUST HAVE TO LEARN FROM NANCY HOW THE BODY DOES IT. AND THROUGH THAT, DESIGN A VACCINE THAT WOULD SORT OF STIMULATE THE SAME KIND OF RESPONSE IN THE GENERAL POPULATION. IN THE LATE 1990'S...RESEARCHERS RACED TO NAIROBI TO LEARN FROM WOMEN LIKE NANCY. WHILE THE MEDICAL COMMUNITY RALLIED, FROM THIS MARGINALIZED GROUP AN ANSWER. A SOLUTION. MAYBE EVEN SOME HOPE TO SAVE HUMANITY FROM THE AIDS EPIDEMIC. DOCTORS CAME TO THIS NAIROBI SLUM TO LOOK AT THE BODIES OF A FEW DOZEN WOMEN. WITH THE HOPE THAT MAYBE THEY WOULD FIND THE ULTIMATE PREVENTION. A VACCINE. COULD THEY FIND THE ANSWERS? DID THEY FIND THE ANSWERS? "YOU WOULD EXPECT THAT THE LONGER A PERSON HAD BEEN DOING SEX WORK THE MORE LIKELY THEY WOULD BE TO BE HIV INFECTED..THE MOST EXCITING DISCOVERY. THE REVERSE WAS TRUE. IF SOMEONE HAD BEEN DOING SEX WORK FOR A LONGER PERIOD OF TIME, THE LESS LIKELY THEY WERE TO BE HIV INFECTED." LESTER SAYS, IF A WOMAN WAS NOT INFECTED DURING THE FIRST 3 YEARS OF SEX WORK, THEY WERE 10 TIMES LESS LIKELY EVER TO BECOME HIV INFECTED... "IT WAS BECOMING MORE AND MORE EVIDENT THAT A VACCINE WAS POSSIBLE FROM THE INFORMATION THAT WE HAD." RESEARCHERS BEGAN TESTING A VACCINE BASED ON WHAT THEY LEARNED FROM NANCY AND THE OTHER NAIROBI PROSTITUTES -- THAT REPEATED EXPOSURE TO THE VIRUS MIGHT MAKE THE BODY BETTER TO FIGHT IT. WHEN HIV WAS FIRST DETECTED 25 YEARS AGO, MOST EVERYONE THOUGHT WE'D HAVE A VACCINE BY NOW YET A VACCINE STILL REMAINS WELL OUT OF REACH..."IT IS SUCH A STEALTH VIRUS THAT IT HAS FIGURED HOW TO GET AROUND THE IMMUNE SYSTEM." IT CHANGES... IT MUTATES... THE HIV VIRUS CIRCULATING IN ASIA IS DIFFERENT THAN THE ONE IN THE US, WHICH IS DIFFERENT THAN THE ONE IN AFRICA... "WE'VE LEARNED A LOT FROM THE TIME OF THE BEGINNING OF THE VACCINE TRIALS. BUT THERE'S STILL A LOT TO BE LEARNED."

AND MORE WAS LEARNED FROM NANCY NDEGEWA... BUT STILL NOT ENOUGH TO CREATE THE ULTIMATE VACCINE..."IT DID WORK TO SOME DEGREE, IT DIDN'T WORK TO THE LEVEL THEY HAD HOPED...TO THE LEVEL THAT IT WOULD WARRANT PRODUCING A LARGE SCALE VACCINE THAT COULD BE GIVEN TO A POPULATION." IT WAS LESS THAN 30% EFFECTIVE AND THE SCIENCE COMMUNITY THOUGHT IT WAS TOO RISKY AND COSTLY TO PROCEED... THE ISSUE IS, CAN WE TURN THAT INTO A VACCINE THAT IS EASY TO USE. THAT IS GOING TO PROTECT AGAINST ALL STRAINS AND IS GOING TO BE COST EFFECTIVE AND THAT IS REALLY THE CHALLENGE FOR US. AND SO THE HUNT CONTINUES... 10 VACCINES ARE BEING TESTED AROUND THE WORLD, SOME WORKING OFF WHAT WAS LEARNED IN THIS TRIAL. "DO YOU THINK THEY'RE GOING TO FIND A VACCINE? DO YOU THINK YOUR BODY MIGHT HELP THEM?" "IF MY BODY CAN BE OF HELP TO PEOPLE, EVEN I CAN BE HAPPY."

ABOUT KEEPING TEACHERS.. WHILE ALSO CREATING ACCOUNTABILITY FOR

TEACHERS ARE PAID...CONSTRUCTING A SYSTEM THAT OFFERS PERFORMANCE
BASED INCENTIVES. "IF WE'RE GOING TO SPEND A LOT OF MONEY ON EDUCATION,
WHICH WE'RE ALL FOR, LETS MAKE SURE THE MONEY IS BEING SPENT ON THINGS
THAT ARE IMPACTFUL AS TO THE CORE MISSION OF EDUCATION: STUDENT LEARNING
AND TEACHER EFFECTIVENESS. IT'S NOT MORE COMPLICATED THAN THAT."

THE STATE HAS BUDGETED \$86-MILLION DOLLARS TO FUND THE PROGRAM..BUT THE
UNION IS CONCERNED THAT THE FUNDING WILL NOT REMAIN A PRIORITY... EFFORTS

JACK LAVIANO DIDN'T HAVE THE CLASSIC SYMPTOMS OF A BLOCKED NECK ARTERY...BUT DOCTORS WERE CONCERNED HE WAS AT HIGH RISK FOR STROKE. "IF I SLEPT ON MY LEFT SIDE OR IF I PUT MY HEAD DOWN ON MY PILLOW BEFORE I WENT TO SLEEP I WOULD HEAR A HYDRAULIC SOUND LIKE PSHH PSHH PSHH.WHAT YOU'RE HEARING IS BLOOD UNDER PRESSURE//IT ALERTED ME TO THE FACT I PROBABLY HAD CAROTID ARTERY DISEASE." JACK HAD A STENT PROCEDURE...USED FOR INDIVIDUALS WHO HAVE BLOCKAGE OF THE CAROTID OR NECK ARTERY."YOU SEE THAT THERE'S A SIGNIFICANT NARROWING OF THE ARTERY RIGHT AT THIS LOCATION, BECAUSE OF ATHEROSCLEROTIC PLAQUE." WITH CAROTID ARTERY STENTING, A CATHETER IS THREADED UP INTO THE CAROTID. A BALLOON AT THE TIP OF THE CATHETER IS INFLATED, REOPENING THE BLOCKAGE, AND THEN A TINY METAL STENT IS EXPANDED AND KEPT AT THE SITE TO ACT AS A STRUT AND HOLD THE ARTERY OPEN. NOW, THE LATEST RESEARCH SHOWS THAT NOT ONLY CAN CAROTID ARTERY STENTING PROTECT ONE FROM A STROKE, IT CAN ALSO HAVE POSITIVE EFFECTS ON THE ABILITY OF ONE TO SIMPLY .THINK! IN A SMALL STUDY OF A HANDFUL OF PATIENTS, NEUROPSYCHIATRIC TESTING WAS PERFORMED AT LEAST 24 HOURS BEFORE AND THREE MONTHS AFTER THE STENTING PROCEDURE. THE RESEARCHERS LOOKED AT COGNITIVE SPEED-OR HOW QUICKLY THE BRAIN FUNCTIONED--AND MEMORY ABILITY. THE PATIENTS WERE ALSO EXAMINED WITH PERFUSION IMAGES LIKE THIS ONE...TO LOOK AT THE BLOOD FLOW TO THE BRAIN. "THE TIME FOR THE BLOOD TO GET TO THE BRAIN IS MARKEDLY PROLONGED SHOWN HERE IN RED, AS COMPARED WITH THE RIGHT SHOWN HERE IN BLUE. SIMILARLY, THE AMOUNT OF BLOOD GETTING TO THE BRAIN IS DIMINISHED ON THE LEFT COMPARED TO THE RIGHT." THE RESULTS SHOWED THAT COGNITIVE SPEED INCREASED AND MEMORY IMPROVED SIGNIFICANTLY AFTER STENTING. AND THAT IMPROVED THINKING ABILITY WAS MATCHED BY IMPROVED BLOOD FLOW...LIKE WOULD BE SEEN IN THIS BEFORE AND AFTER IMAGE. "THEY FEEL BETTER, THEY FEEL SHARPER, I GUESS THAT'S THE BEST WORD TO USE FOR IT, THEY FEEL MENTALLY SHARPER, THAN THEY FELT BEFORE THE PROCEDURE." HERE'S A KEY POINT OF THE STUDY: STENTING TO OPEN THE CAROTID IS ONLY DONE ONLY ON PATIENTS WITH SYMPTOMS. BUT BECAUSE THIS STUDY SHOWS AN IMPROVEMENT IN THINKING AFTER STENTING...THEN THAT WOULD IMPLY DIMINISHED THINKING WOULD ALSO BE A SYMPTOM...NOT PREVIOUSLY CONSIDERED. IF YOU USE THAT AS A DEFINITION OF BEING SYMPTOMATIC, IT'LL INCREASE THE POOL OF CANDIDATES THAT CAN BENEFIT FROM STENTING."

EVEN A SMALL QUARREL BETWEEN MARRIED PEOPLE CAN DRAMATICALLY SLOW HEALING, SCIENTISTS HAVE LEARNED TODAY. FORTY-TWO MARRIED COUPLES HELPED PUT THIS IDEA TO THE TEST BY ALLOWING DOCTORS TO CREATE TINY BLISTERS ON THEIR ARMS WITH A SUCTION-CUP DEVICE. RESEARCHERS THEN TESTED THE COUPLES IN 2 DIFFERENT SITUATIONS. IN ONE VISIT, THE COUPLES HAD A SUPPORTIVE DISCUSSION ABOUT THEIR LIFE TOGETHER. BUT MONTHS LATER, THE COUPLES WERE TESTED AGAIN WHEN DISCUSSING AN AREA OF DISAGREEMENT. RESULTS SHOWED THAT THE BLISTER WOUNDS HEALED MORE SLOWLY AFTER THE ARGUMENT THAN THEY HAD AFTER THE SUPPORTIVE DISCUSSION -- BY AN AVERAGE OF ONE DAY LATER. FOR COUPLES WHO SHOWED A GREAT DEAL OF HOSTILITY TOWARD ONE ANOTHER DURING THEIR DISAGREEMENT, THE DELAY IN HEALING WAS MORE PRONOUNCED -- THEY RECOVERED AN AVERAGE OF TWO DAYS LATER. DOCTORS BELIEVE THAT THE CHEMICAL STRESS RESPONSE DURING AN ARGUMENT INTERFERES WITH THE IMMUNE SYSTEM'S ABILITY TO RESPOND TO A WOUND. THIS IS ALL MORE PROOF, SCIENTISTS SAY, THAT MARITAL HARMONY KEEPS THE BODY IN TUNE AS WELL.

THIS YACHT WAS FORMER CONGRESSMAN RANDY "DUKE" CUNNINGHAM'S WASHINGTON HOME-- ONE PERK PROVIDED BY DEFENSE CONTRACTOR MZM. CUNNINGHAM ADMITTED HE ACCEPTED 2 AND HALF MILLION DOLLARS IN BRIBES THE CASE SHEDS LIGHT ON THE COZY RELATIONSHIP BETWEEN DEFENSE CONTRACTORS AND WASHINGTON INSIDERS. THIS WAS A CASE WHEN A ROOKIE FIRM NOT READY FOR PRIME TIME GOT A NO BID CONTRACT AND NO ONE KNEW WHY AT THAT POINT. IN A SECOND UNRELATED CASE, NEWSPAPERS HAD A FIELD DAY REPORTING THE 10 MILLION DOLLAR BAT MITZVAH FOR THE DAUGHTER OF DEFENSE CONTRACTOR DAVID BROOKS. THE PARTY FEATURED PERFORMANCES FROM AMONG OTHERS - AEROSMITH AND 50 CENT. BROOKS IS THE HEAD OF DHB INDUSTRIES WHICH MAKES BODY ARMOR FOR US TROOPS. THE MARINES RECALLED MORE THAN 5-THOUSAND VESTS AFTER SAFETY QUESTIONS WERE RAISED. BUT BROOKS HAS STILL DONE VERY WELL - WITH A 3 MILLION DOLLAR SALARY IN 2004 AND TENS OF MILLIONS OF DOLLARS IN STOCK OPTIONS. HE IS SPENDING THAT FLAUNTING IT IN WAYS THAT I THINK MOST PEOPLE SEE AS NOT ONLY TASTELESS BUT RALLY GIVING A BAD MESSAGE TO THE TROOPS ON THE FRONT LINES. A SPOKESMAN FOR DHB SAYS THE 10 MILLION DOLLAR FIGURE FOR THE PARTY IS "GREATLY EXAGGERATED." THE COMPANY'S PROFIT MARGIN OVER THE LAST THREE YEARS IS 28 PERCENT "ANY SUGGESTION THAT THIS IS EXCESSIVE IS UNJUSTIFIABLE AND INACCURATE." BUT MANY SAY THE CUNNINGHAM AND BROOKS CASES - ALTHOUGH VERY DIFFERENT - BOTH HIGHLIGHT - EXCESS. THEY SHOW HOW THE DEFENSE CONTRACTING INDUSTRY HAS BECOME A HIGH

STAKES BUSINESS SINCE 9/11. AND CONGRESSIONAL OVERSIGHT HAS LAGGED. THIS MONEY IS COMING FROM SOMEWHERE AND WHERE IS IT COMING FROM IT'S COMING FROM TAXPAYERS AND AGAIN WHEN YOU'RE DEALING WITH DEFENSE CONTRACTORS AND DEALING WITH DEFENSE WHOSE PAYING FOR IT, THE TREASURY IS PAYING AND WHERE DOES THE TREASURY GET IT'S MONEY, IT GETS IT FROM US - OUR TAXES. NO ONE DOUBTS THAT OUR US TROOPS SHOULD GET EVERYTHING THEY NEED TO FIGHT THE WAR IN IRAQ. BUT THE CONCERN IS THAT TAXPAYERS ARE BEING FLEECE- THAT MUCH OF THESE CONTRACTS ARE DONE IN SECRET, NO-BID AND NO ONE'S KEEPING AN ACCOUNTING OF HOW THE MONEY IS BEING SPENT. WE CALLED MZM THEY DID NOT RETURN OUR CALLS AND WE WERE NOT ABLE TO REACH DUKE CUNNINGHAM.

IT'S OVER THE COUNTER... SO IT HAS TO BE SAFE, RIGHT? "THE MOST DANGEROUS OVER THE COUNTER MEDICATION, I HAVE NO IDEA, I NEVER THOUGHT OF DANGER WITH OVER THE COUNTER." "PEOPLE ALWAYS CONSIDER ASPIRIN AND IBUPROPHEN TO BE MORE DANGEROUS BECAUSE IT CAN CAUSE BLEEDING AND ULCERS BUT ACETAMINOPHEN CAN ACTUALLY BE MUCH MORE SNEAKIER AND CAUSE LIVER DAMAGE IN PEOPLE WHO LEAST EXPECT IT." THE ACTIVE INGREDIENT IN TYLENOL HAS LONG KNOWN TO BE A HIGHLY DANGEROUS MEDICATION IF USED IN AMOUNTS ABOVE THOSE RECOMMENDED. "I HAVE TAKEN THREE TYLENOL TABLETS AT ONCE." AND THAT'S THE PROBLEM. THE DOSAGE ADDS UP...AND IF PEOPLE ARE ON MORE THAN ONE OVER THE COUNTER MEDICINE WHICH CONTAIN ACETAMINOPHEN...LIKE COLD REMEDIES.AND THERE ARE DOZENS...THEY COULD BE UNKNOWINGLY TAKING TOO MUCH. "SO HOW MUCH IS TOO MUCH IS THE NEXT QUESTION.// FOUR GRAMS A DAY IS THE MAXIMUM ANYONE SHOULD TAKE." BUT MANY PEOPLE GET MUCH MORE THAN THIS...NOW, THE LATEST RESEARCH SHOWS OVERDOSING ON ACETAMINOPHEN IS NOW THE MOST COMMON CAUSE OF ACUTE LIVER FAILURE IN THE UNITED STATES. IT CAUSES AT LEAST 42 PERCENT OF ALL CASES SEEN AT LIVER CENTERS. ABOUT HALF OF THESE CASES ARE DUE TO UNINTENTIONAL POISONING AS OPPOSED TO ATTEMPTED SUICIDES, THE RESEARCHERS ADDED. MORE THAN A THIRD OF THOSE WHO UNINTENTIONALLY OVERDOSED TOOK AT LEAST TWO ACETAMINOPHEN PREPARATIONS AT THE SAME TIME "HALF OF THESE WERE UNINTENTIONAL PEOPLE JUST HAD COLDS AND THEY WERE TAKING MEDICINE FOR ACHES AND PAINS." OVERALL, ABOUT 30 PERCENT OF THOSE WHO DEVELOP ACETAMINOPHEN-RELATED ACUTE LIVER FAILURE WILL DIE. THOSE WITH ANY KIND OF LIVER INSUFFICIENCY ARE ESPECIALLY AT RISK. "SO IF YOU ARE SET UP FOR IT IT DOESN'T TAKE VERY MUCH TYLENOL OR ACETAMINOPHEN TO PUT YOU IN LIVER FAILURE OR MIGHT KILL YOU OR GET A LIVER TRANSPLANT." SO...WHEN THINKING ABOUT USING TYLENOL...ONE NEEDS TO BE SMART. "TWO TYLENOL AT ONE TIME WOULD BE THE MOST THAT I'VE TAKEN. I HAVE NEVER EXCEEDED THE RECOMMEND DOSE AS STATED ON THE BOTTLE." THAT'S THE BOTTOM LINE TO ANY MEDICATION.

Now researchers from the US Food and Drug Administration have reviewed people who had Flumist vaccinations for signs of serious side effects --with reassuring results. Their review found that overall side effects associated with Flumist were mild, with only a few cases of

ALLERGIC REACTION. FLUMIST DIFFERS FROM FLU SHOTS IN THAT IT CARRIES SMALL AMOUNTS OF WEAKENED "LIVE" FLU VERSUS THE "KILLED" VIRUS IN THE SHOT.

BECAUSE OF THIS, ITS USE HAS SO FAR BEEN LIMITED TO HEALTHY PEOPLE BETWEEN THE AGES OF 5 TO 49. BUT RESEARCH, SO FAR, SUGGESTS THAT THE PRESENCE OF LIVE VIRUS MAY BE EVEN BETTER AT STIMULATING THE IMMUNE SYSTEM THAN THE KILLED VIRUS. THEREFORE, FOR PEOPLE WHOSE IMMUNE SYSTEMS NEED A BOOST, SUCH AS CHILDREN AND THE ELDERLY, A LIVE VACCINE COULD ONE DAY BE A BETTER OPTION. INDIVIDUALS WHO SUFFER FROM A CONDITION KNOWN AS SLEEP APNEA MAY HAVE AN INCREASED CHANCE OF SUFFERING A STROKE, DOCTORS HAVE FOUND. SLEEP APNEA IS A CONDITION THAT CAUSES A PERSON'S BREATHING TO STOP MOMENTARILY DURING SLEEP. RESEARCHERS STUDIED NEARLY FIFTEEN HUNDRED PEOPLE OVERNIGHT IN A LAB FOR SIGNS OF THE CONDITION. THEY COUNTED THE NUMBER OF TIMES THAT A PERSON STOPPED BREATHING FOR 10 SECONDS OR LONGER. THE MAJORITY OF PEOPLE-- OVER 75 PERCENT -- DID NOT HAVE SLEEP APNEA, BUT 17 PERCENT HAD MILD BREATHING PROBLEMS, AND 7 PERCENT HAD SEVERE BREATHING PROBLEMS DURING SLEEP. DOCTORS FOLLOWED THE STUDY VOLUNTEERS FOR 4 YEARS AND FOUND THAT PEOPLE WHO HAD SYMPTOMS OF SLEEP APNEA WERE FOUR TIMES MORE LIKELY TO SUFFER A STROKE. RESEARCHERS SAY THEY ARE NOW TESTING WHETHER TREATING THE SLEEP APNEA SYMPTOMS WILL REDUCE THIS INCREASE IN STROKE RISK. PATIENTS AND THEIR FAMILIES SHOULD ALWAYS BE ALERT FOR SIGNS OF STROKE: NUMBNESS, TINGLING, TROUBLE SPEAKING, OR PARALYSIS ON ONE SIDE OF THE BODY. AND THAT WOMEN MIGHT BE TOUGHER WHEN IT COMES TO TOLERATING DISCOMFORT MAY BE PART OF THE REASON FOR THE DISPARITY IN CARE WHEN IT COMES TO HEART DISEASE. A NEW STUDY IN THE LATEST AMERICAN JOURNAL OF MEDICINE LOOKED AT 490 HEART PATIENTS TREATED AT THE UNIVERSITY OF MICHIGAN FOR HEART ATTACK OR SEVERE HEART PAIN. IN ALL, THE 142 WOMEN AND 348 MEN RATED THE SEVERITY OF THEIR HEART DISEASE ABOUT THE SAME. BUT IN FACT, THE WOMEN HAD MUCH WORSE DISEASE, TOOK MANY MORE MEDICINES, AND EXPERIENCED MORE SERIOUS SYMPTOMS AND LIMITATIONS ON THEIR DAILY LIVES "WOMEN MAY BE TOUGHER IN SOME WAYS, THEY MAY COMPLAIN A LITTLE LESS, BUT MORE LIKELY IT'S JUST THAT THEY JUST DON'T PERCEIVE AS HEART DISEASE ON THEIR RADAR SCREEN AS MUCH AS BREAST CANCER AND OTHER DISEASE PROCESSES WHICH HAVE BEEN MORE PUBLICIZED." PREVIOUS STUDIES HAVE SHOWN THAT WOMEN ARE MORE LIKELY TO DELAY SEEKING HELP FOR HEART-RELATED SYMPTOMS THAN MEN, AND ARE LESS LIKELY TO RECEIVE HEART-RELATED DIAGNOSTIC AND THERAPEUTIC PROCEDURES. "WOMAN OFTEN TAKE CARE OF THEIR SPOUSE, THEY TAKE CARE OF THE CHILDREN, THEY OFTEN TAKE CARE OF THE ELDERLY PARENTS SO IT OFTEN TIMES OCCURS WOMAN DON'T OFTEN PAY ATTENTION AS MUCH TO THEIR OWN SYMPTOMS AND MIGHT PASS SOME OF THESE SYMPTOMS WHICH MIGHT BE MORE SUBTLE. SCRIPT: NINA ROSEN CONSIDERS HERSELF LUCKY. NOT ONLY IS SHE SURVIVING BREAST CANCER, BUT SHE'S BEEN SPARED UNNECESSARY TOXIC TREATMENTS. EARLIER THIS YEAR, DOCTORS REMOVED A TWO-INCH TUMOR FROM HER BREAST; SO LARGE... THEY SAID SHE WOULD REQUIRE FOLLOWUP CHEMOTHERAPY. NINA ROSEN BREAST CANCER PATIENT "I DIDN'T THINK I HAD ANY ALTERNATIVE BUT TO HAVE THE CHEMOTHERAPY." CHEMOTHERAPY SAVES THOUSANDS OF LIVES EACH YEAR. BUT SIDE EFFECTS CAN BE SEVERE... INCLUDING NAUSEA, MOUTH SORES AND HAIR LOSS. SO ROSEN GOT A SECOND OPINION. DR. ERIC WINER DANA FARBER CANCER INST. "BASED ON THE ADDITIONAL TESTING WE DID, WE FELT THAT HER CHANCE OF HAVING A RECURRENCE WAS, IN FACT, FAIRLY LOW AND THAT THE BENEFITS OF CHEMOTHERAPY WERE SMALL." BY SOME ESTIMATES ... GRAPHIC ONLY ABOUT 15 OF BREAST CANCER PATIENTS ARE HELPED BY CHEMOTHERAPY, 25 PERCENT STILL GET THEIR CANCER BACK. AND 60 PERCENT... WOULD DO JUST AS WELL ON OTHER DRUGS. JOHN MCKENZIE NEW YORK THE NEW TREATMENT GUIDELINES EMPHASIZE THAT BREAST CANCER IS NOT ONE DISEASE... BUT MANY, BASED ON SPECIFIC CHARACTERISTICS OF A TUMOR. AND THAT DOCTORS NEED TO BE MORE SELECTIVE IN PICKING DIFFERENT TREATMENTS... FOR DIFFERENT PATIENTS. THE GUIDELINES SAY THAT BEFORE DOCTORS ORDER CHEMOTHERAPY... THEY SHOULD TEST WHETHER A TUMOR IS FUELED BY HORMONES... (HERE... IT STAINS BROWN). THAT SUGGESTS OFFERING A PATIENT... Milder, hormone-blocking drugs such as TAMOXIFEN. THE GUIDELINES SAY OTHER TESTS COULD BE USED TO IDENTIFY

BREAST CANCERS BASED ON GENES AND PROTEINS... ALLOWING EVEN MORE TARGETTED THERAPIES. DR. LISA CAREY UNIV. OF NORTH CAROLINA (CHAPEL HILL) I ACTUALLY DO THINK IT'S A SEA CHANGE / THE TECHNOLOGY HAS ALLOWED US TO LOOK AT THE MOLLECULAR PORTRAIT OF THESE CANCERS AND GET A SENSE OF HOW THEY'RE BIOLOGICALLY DISINCT." SOME DOCTORS PREDICT THE NEW GUIDELINES COULD CUT THE NUMBER OF BREAST CANCER PATIENTS GETTING CHEMO ALMOST IN HALF... ALLOWING MORE PATIENTS LIKE NINA ROSEN... TO KEEP CANCER FREE... WITH A SIMPLE DAILY PILL.

MAYBE...IT TAKES DOCTORS HAVING TO REOPEN A NEARLY COMPLETELY BLOCKED HEART ARTERY TO COME TO THE REALIZATION THAT ONE NEEDS TO CHANGE HIS LIFESTYLE. "IT WAS 95 PERCENT CLOSED SO I GUESS I GOT LUCKY." WELL, LIFE'S ALL ABOUT SECOND CHANCES. AND SEVENTY YEAR OLD GEORGE HAUSMAN HAS A SECOND CHANCE NOW TO CHANGE HIS WAYS. "I LIKE TO EAT CHEESE AND I LIKE EGGS, AND SOMETIMES CHEESE AND EGGS TOGETHER, I SUSPECT THOSE ARE NOT GOOD THINGS FOR PEOPLE WHO ARE ON HIGH CHOLESTEROL." CHANGING THAT DIET WOULD BE A GOOD START, ESPECIALLY IN LIGHT OF THE LATEST RESEARCH WHICH SHOWS MEN LIKE GEORGE WHO HAVE HIGH CHOLESTEROL HAVE A VERY HIGH RISK FOR DEVELOPING HIGH BLOOD PRESSURE AS WELL. "IT MAKES SENSE, WHY? PATIENTS WHO HAVE HIGH BLOOD PRESSURE OR CHOLESTEROL, THEY PROBABLY HAVE THOSE RISK FACTORS WHICH PREDISPOSE THEM MAYBE BY THEIR // DIET." MEN WITH HIGHEST LDL, OR BAD, CHOLESTEROL LEVELS IN THE STUDY WERE ALMOST 40 PERCENT MORE LIKELY THAN MEN IN THE LOWEST CHOLESTEROL CATEGORY TO DEVELOP HIGH BLOOD PRESSURE. "AND I CAN ALSO TELL YOU IF YOU FOLLOW THEM A LITTLE FURTHER, THEY'LL HAVE DIABETES." AND CONVERSELY, THE HIGHEST LEVELS OF THE GOOD OR HDL CHOLESTEROL WAS ASSOCIATED WITH A SIGNIFICANTLY LOWER RISK FOR DEVELOPING HIGH BLOOD PRESSURE THAN MEN WHO HAD LOWEST LEVELS OF HDL. IT ACCOUNTED FOR A 32 PERCENT DECREASED RISK...PROVIDING AN OPPORTUNITY FOR PREVENTING HYPERTENSION. "WHAT ARE THE CAUSES WHICH CAN INCREASE YOUR HDL? MOST IMPORTRANT IS EXERCISE, LOSING WEIGHT." THE AUTHORS SAY THAT IF THERE IS AN ELEVATION OF CHOLESTEROL LEVELS WITHOUT HIGH BLOOD PRESSURE, IT SHOULD SEND UP RED FLAGS THAT THE PROBLEM MIGHT APPEAR LATER ON. "EVEN IF YOU HAVE ONE RISK FACTOR//THE CHANCES OF DEVELOPING ANOTHER RISK FACTOR IS HIGH. DON'T FEEL YOU HAVE ONLY ONE RISK FACTOR." GEORGE KNOWS HE NEEDS TO TOW THE LINE NOW...AND PROTECT HIS HEALTH. "CHANGE MY DIET SOMEWHAT, I DON'T KNOW HO W MUCH I CAN CHANGE IT. I'M AN OLD DOG THAT'S HARD TO TEACH NEW TRICKS TO." HE'D BETTER LEARN...BECAUSE HIS ARTERIES ARE BARKING AT HIM.

IN A STUDY OF OVER 14,000 AMERICAN ADULTS, RESEARCHERS NOW FIND THAT PEOPLE WHO HAVE A HIGHER VITAMIN D LEVELS IN THEIR BLOOD TEND TO HAVE BETTER LUNG FUNCTION COMPARED TO THOSE WHO HAVE LOWER LEVELS. THEY FOUND THOSE WITH HIGHER VITAMIN D COULD TAKE LARGER BREATHS AND BREATH IN AND OUT MORE EFFECTIVELY THAN THOSE WITH LOWER LEVELS. THIS ASSOCIATION WAS PARTICULARLY STRONG FOR PEOPLE WHO ARE OVER 60 YEARS OLD, AND ALSO FOR THOSE WHO SMOKE. PREVIOUS STUDIES HAVE SHOWN HEALTH BENEFITS OF VITAMIN D FOR DISEASES SUCH AS OSTEOPOROSIS, HYPERTENSION, DIABETES, AND EVEN SOME CANCERS. WHEN IT COMES TO LUNG HEALTH,

RESEARCHERS SPECULATE THAT VITAMIN D MIGHT DIRECTLY HELP LUNG CELLS REPAIR THEMSELVES AFTER DAMAGE. IT COULD ALSO ACT INDIRECTLY VIA THE IMMUNE SYSTEM. HOWEVER IT MAY WORK, SCIENTISTS HOPE THAT RAISING PEOPLE'S VITAMIN D LEVELS MAY PROTECT THEM FROM DANGEROUS YET COMMON LUNG PROBLEMS LIKE CHRONIC BRONCHITIS AND EMPHYSEMA. GETTING FIBER! AND FIBER ITSELF HAS BEEN THOUGHT TO HELP REDUCE THE RISK OF COLON AND RECTAL CANCER. "THE THINKING ABOUT FIBER HAS BEEN IT MUST PLAY A SIGNIFICANT ROLE IN REDUCING THE RISK OF COLON CANCER. THAT COMES IN PART FROM A GENERAL KNOWLEDGE THAT FIBER REDUCES DISEASES OF THE COLON." BUT THE STUDIES SUPPORTING THE CONCEPT THAT FIBER ACTUALLY HELPS PREVENT COLON CANCER HAVE BEEN INCONSISTENT. SOME SHOWED A LOWER RISK...SOME ACTUALLY SHOWED A HIGHER RISK. IN A NEW HUGE STUDY WHICH COMBINED 13 LARGE STUDIES THEMSELVES, IT WAS FOUND THAT HIGH INTAKE OF DIETARY FIBER WAS NOT ASSOCIATED..AT ALL...WITH A LOWER RISK OF COLON CANCER. "I THINK THE STUDY IS POWERFUL. I THINK THE STUDY IS STATISTICALLY SOPHISTICATED, AND IT MAKES A VERY CLEAR STATEMENT." THERE'S THE QUESTION: ARE ALL FIBER TYPES THE SAME? THIS STUDY SHOWS IT DOESN'T MATTER IF IT IS VEGETABLE, FRUIT, OR CEREAL FIBER; IT DOESN'T MATTER IF IT IS SOLUBLE OR INSOLUBLE. BY THE WAY, IT'S THE INSOLUBLE FIBERS WHICH ADD BULK TO STOOL AND HAVE BEEN THOUGHT TO PREVENT COLON CANCER BECAUSE IN THEORY THEY DILUTE OUT THE CANCER-CAUSING SUBSTANCES IN THE COLON. THE FACT IS, NONE OF THEM WORK TO PREVENT COLON CANCER. SO WHAT WAS THE LINK PREVIOUSLY BELIEVED TO EXIST? "PEOPLE WHO FOCUS ON FIBER IN THEIR DIET, ARE ALSO HAVING VEGETABLES, VITAMINS, PHYSICAL ACTIVITY, ALL OF WHICH HAVE BEEN CONNECTED TO ONE DEGREE OR ANOTHER TO A REDUCED RISK OF COLON CANCER. SO MAYBE THEY'RE NOT ABLE TO PINPOINT FIBER MAYBE IT'S SIMPLY A METAPHOR FOR ONE OF THESE OTHER AGENTS IN PEOPLE'S LIVES." AND WHEN IT TOOK LONGER THAN A YEAR TO CONCEIVE, THE CHANCE OF HAVING A BOY JUMPED UP TO 58 PER CENT. THE RESEARCHERS ALSO CALCULATED THAT EACH ADDITIONAL YEAR OF NATURALLY TRYING TO GET PREGNANT UPS THE ODDS OF A MALE BABY BY 4 PER CENT PER YEAR. THERE WAS NO INCREASE OR DECREASE IN BOY BABIES BORN TO COUPLES WHO HAD RECEIVED MEDICAL HELP FOR CONCEIVING, THOUGH. ONE POSSIBLE REASON FOR THE "BOY BIAS" IS THAT SPERM WITH MALE CHROMOSOMES ARE FASTER SWIMMERS AND THUS BETTER ABLE TO REACH A WOMAN'S EGGS THAN SPERM CARRYING FEMALE CHROMOSOMES. THAT DOESN'T MEAN THAT FEMALES ARE THE WEAKER SEX. WHILE MORE BABY BOYS ARE BORN EVERY YEAR, IT IS ACTUALLY GIRLS WHO ARE HEARTIER AND SURVIVE BETTER THROUGH THE FIRST YEAR OF LIFE AND BEYOND.

I HAVE A COLD... I STILL GO TO WORK. SHE'S NOT ALONE. A RECENT SURVEY BY A SCOTTISH HEALTH CARE COMPANY FOUND THAT *MEN* ARE FAR MORE LIKELY TO TAKE A DAY OFF BECAUSE OF THE FLU THAN WOMEN. 1 IN 3 MEN TOOK TIME OFF WORK BECAUSE OF A

COLD OR FLU... COMPARED TO ONLY 1 IN 5 WOMEN. LEAVING SOME TO ASK WHY? MOS: A WOMAN THEY CAN TAKE MORE PAIN THAN A MAN. DEFINITELY. OR MAYBE THERE'S A LESS WELL, DEGRADING EXPLANATION. STANDUP: WHEN IT COMES TO MATTERS OF HEALTH, MEN DON'T HAVE A GREAT RECORD. WE EAT LESS FRUIT THAN WOMEN DON'T TAKE CARE OF OURSELVES AS WELL AND WHEN WE DO GET SICK WE ARE MUCH LESS LIKELY TO GO TO THE DOCTOR. DR. PELUSI MEN DON'T LIKE TO SUBMIT VERY EASILY. AND WHEN YOU GO TO THE DOCTOR YOU HAVE TO DO WHAT HE SAYS, GET NAKED, GET PRODDED. AND MOST OF US DON'T LIKE THAT. BUT THAT'S NOT GOING TO WIN MEN ANY SYMPATHY POINTS FROM THE OPPOSITE SEX. NATS: EVERYBODY LOVES RAYMOND CLIP "GET OUT OF BED RAY!" ACCORDING TO NEW RESEARCH IN THE MEDICAL JOURNAL THE LANCET, THE NUMBER OF PEOPLE THAT HAVE DEMENTIA...THE COMMON FORM IS ALZHEIMER'S DISEASE... IS GOING TO DOUBLE EVERY TWENTY YEARS. GIVEN THAT 24 MILLION WORLDWIDE HAVE DEMENTIA TODAY, THAT NUMBER WILL GO UP TO 42 MILLION BY 2020, AND 81 MILLION BY 2040. NOW, 61 PERCENT OF THESE PATIENTS LIVE IN DEVELOPED COUNTRIES, LIKE THE U.S. BUT THAT NUMBER IS GOING TO GO UP TO 71 PERCENT BY 2040. THE AUTHORS SAY, THAT UNTIL WE GET BETTER MEDICATIONS TO TREAT THE PROBLEM, THE BEST APPROACH WILL BE PREVENTION: REDUCING RISK FACTORS FOR VASCULAR DISEASE ESPECIALLY, INCLUDING HIGH BLOOD PRESSURE, SMOKING, TYPE TWO DIABETES, AND ELEVATED CHOLSETEROL LEVELS. AND STAYING MENTALLY ACTIVE, EITHER BY WORKING OR THROUGH HOBBIES, IS ALSO IMPORTANT IN HOLDING OFF DEMENTIA. NEW RESEARCH SHOWS WOMEN WHO HAVE A BABY THAT DIES OF SUDDEN INFANT DEATH SYNDROME, OR SIDS, HAVE AN INCREASED RISK OF PRETERM DELIVERY AND OTHER COMPLICATIONS IN LATER PREGNANCIES. IN A STUDY OF MORE THAN 250,000 SCOTTISH WOMEN, THOSE WHOSE PREVIOUS INFANT DIED WERE TWO TO THREE TIMES MORE LIKELY TO DELIVER AN INFANT WHO WAS SMALL FOR THEIR GESTATIONAL, OR IN UTERUS, AGE.... AND TWO TO THREE TIMES MORE LIKELY TO HAVE A PRETERM DELIVERY. THESE COMPLICATIONS ARE

RISK FACTORS FOR SIDS, AND THE AUTHORS SAY THE AND IMPORTANT NEW RESEARCH FINDS THAT AFTER A LUMPECTOMY FOR BREAST CANCER... WHICH IS WHEN ONLY THE WORRISOME TISSUE IS REMOVED ALONG WITH A VERY SMALL AMOUNT OF NORMAL SURROUNDING TISSUE...AND THE REST OF THE BREAST IS KEPT INTACT...RADIATION THERAPY TO THE REMAINING BREAST TISSUE CAN IMPROVE THE CHANCES OF LONG TERM SURVIVAL. THE STUDY LOOKED AT 40,000 WOMEN WITH EARLY STAGE BREAST CANCER. AFTER THIS TYPE OF BREAST CONSERVING SURGERY, THE RISK OF LOCAL CANCER RECURRENCE WAS 26 PERCENT WITHIN FIVE YEARS. BUT THE RISK AFTER RADIATION THERAPY WAS ONLY SEVEN PERCENT! ALTHOUGH GUIDELINES IN THE U.S. CALL FOR RADIATION AFTER BREAST CONSERVING THERAPY, THE AUTHORS POINT OUT THAT THIS ISN'T ALWAYS DONE, PARTLY BECAUSE OF THE SIDE EFFECTS OF RADIATION THERAPY, AND PARTLY BECAUSE THERE WAS NO EVIDENCE... THAT IS, UNTIL NOW... THAT IT ACTUALLY BENEFITED IN TERMS OF SURVIVAL. FOR EVERY FOUR RECURRENCES AVOIDED BY RADIATION, ABOUT ONE BREAST CANCER DEATH IS AVOIDED.

LONG TERM EXPOSURE TO AIR POLLUTION COULD CAUSE HEART DISEASE ACCORDING TO A NEW STUDY IN THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION. NEW YORK UNIVERSITY RESEARCHERS STUDYING MICE FOUND THAT THE ANIMALS THAT BREATHED POLLUTED AIR EVEN AT LEVELS WITHIN FEDERAL STANDARDS HAD FAR MORE PLAQUE --FATTY DEPOSITS THAT CLOG ARTERIES--THAN THOSE BREATHING FILTERED AIR. THEY ALSO FOUND THAT MICE EXPOSED TO POLLUTION AND A HIGH FAT DIET, HAD NEARLY TWICE THE AMOUNT OF PLAQUE CLOGGING THEIR ARTERIES AS POLLUTION FREE MICE. THE POLLUTION, MAINLY FROM VEHICLE EXHAUST AND POWER PLANTS, WAS EQUIVALENT TO AIR QUALITY IN CITIES LIKE NEW YORK. THE MICE WERE ALSO PRONE TO DEVELOPING HIGH BLOOD PRESSURE--ANOTHER RISK FACTOR FOR CARDIOVASCULAR DISEASE. IF YOU SUFFER FROM CHRONIC LOWER BACK PAIN, YOU MIGHT WANT TO TRY YOGA FOR RELIEF... A NEW STUDY IN THE ANNALS OF INTERNAL MEDICINE, FOUND YOGA WAS MORE EFFECTIVE THAN CONVENTIONAL THERAPEUTIC EXERCISE OR A SELF-HELP BOOK IN REDUCING THE PAIN... RESEARCHERS STUDIED 101 ADULTS AND FOUND THAT AFTER 12 WEEKS THOSE DOING YOGA HAD BETTER BACK-RELATED FUNCTION THAN THE OTHER TWO GROUPS, AND EXPERIENCED LESS PAIN IN THE MONTHS AFTER THAT.

NEW RESEARCH IN THE LATEST JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION PROVIDES A WAKE UP CALL TO DOCTORS...AND PATIENTS...DEALING WITH THE PROBLEM OF MALE ERECTILE DYSFUNCTION. THE CONDITION MAY BE, IN MANY MEN, A SERIOUS HARBINGER OF LIFE-THREATENING CARDIOVASCULAR CONDITIONS. "ERECTILE DYSFUNCTION IS BASICALLY PERHAPS ONE OF THE SIGNS THAT THERE IS PLAQUE BUILD UP IN ANY OF THOSE SYSTEMS IN THE LEGS OR IN THE ARTERIES THAT SUPPLY BLOOD TO THE HEAD, THE CAROTID ARTERIES OR IN THE HEART ITSELF AND A LOT OF THE THINGS THAT CAUSE HEART DISEASE OR LEAD TO HEART DISEASE ALSO LEAD TO ERECTILE DYSFUNCTION." THE LATEST DATA FOLLOWED MEN AGE 55 AND OLDER OVER SEVEN YEARS WHO WERE ASSESSED FOR BOTH ERECTILE DYSFUNCTION AND CARDIOVASCULAR DISEASE...SUCH AS HEART ATTACK AND STROKE. NEW ONSET ERECTILE DYSFUNCTION WAS ASSOCIATED WITH A 25 PERCENT INCREASED RISK FOR HEART ATTACKS, STROKES, ANGINA, OR MINISTROKES...COMPARED TO MEN WITH NO ERECTILE DYSFUNCTION. IF MEN WHO ALREADY HAD E.D. AT THE ONSET OF THE STUDY, THE RISK FOR CARDIOVASCULAR DISEASE WAS 45 PERCENT GREATER THAN THOSE WITH NO E.D. "THE CELLS IN THE ARTIES IN THE PENIS ARE THE SAME CELLS THAT LINE THE ARTERIES ALL OVER SO IF THERE IS SOMETHING WRONG WITH THOSE THERE IS GOING TO BE SOMETHING WRONG WITH CELLS ELSEWHERE." E.D. MAY BE THE SENTINEL, OR FIRST SIGN OF CARDIOVASCULAR DISEASE. AND THE WORSE THE E.D., THE GREATER THE RISK FOR HAVING A HEART ATTACK OR STROKE. THE IMPLICATIONS ARE HUGEY IMPORTANT.-- MEN WHO SUFFER FROM E.D. SHOULD NOT BE SILENT ABOUT THEIR PROBLEM. "THEY DON'T NECESSARILY SAY IT AT ANY POINT IF YOU DON'T ASK THEM, SO IT IS REAL IMPORTANT TO GET THAT HISTORY. MEN WILL OFTEN BE ASHAMED ABOUT SAYING SOMETHING LIKE THIS." AND IF A MAN DOES SEEK HELP FOR ERECTILE DYSFUNCTION, IT MIGHT BE THE ONLY DOCTOR'S APPOINTMENT MADE; MANY DON'T SEEK HELP FOR OTHER MEDICAL PROBLEMS OR FOR SIMPLE ROUTINE PHYSICALS AND HEALTH SCREENING. SO THIS COMPLAINT OF E.D. SHOULD PROMPT THE DOCTOR TO FURTHER INVESTIGATE INTO WHETHER THE PERSON HAS ANY CARDIOVASCULAR DISEASE OR RISK FACTORS FOR IT, LIKE HIGH BLOOD PRESSURE...OR HIGH CHOLESTEROL. IS HEARTBURN MEDICATION IS PART OF YOUR DAILY ROUTINE? WHILE IT MAY ALLEVIATE THAT ACHE AND BURN, SCIENTISTS NOW FIND THESE DRUGS CAN HAVE ADDITIONAL EFFECTS ON YOUR STOMACH THAT YOU MAY NOT HAVE BARGAINED FOR. A STUDY OF BACTERIAL INFECTIONS CALLED C. DIFFICILE (SEE DIFF-IH-SEAL) FINDS THAT PEOPLE WHO REGULARLY TAKE COMMON HEARTBURN MEDICATIONS HAVE A SIGNIFICANTLY GREATER RISK OF BEING INFECTED WITH THESE DIARRHEA-CAUSING BACTERIA. USING PROTON-PUMP INHIBITORS SUCH AS NEXIUM, PRILOSEC, OR PREVACID WAS LINKED WITH A NEARLY 3 TIMES GREATER RISK OF INFECTION, AND USING ACID-RECEPTOR ANTAGONISTS SUCH AS TAGAMET, ZANTAC OR PEPICID WERE ASSOCIATED WITH A TWO-FOLD INCREASE. LEAD RESEARCHER DR SANDRA DIAL (DEE-AL) OF MCGILL UNIVERSITY SAYS THE ACID-BLOCKING PROPERTIES OF THESE DRUGS IN EFFECT LOWER THE STOMACH'S DEFENSE SYSTEM, LETTING CERTAIN BACTERIA THRIVE AND OVERGROW. THE INFECTIOUS BACTERIA CAN THEN MOVE INTO YOUR INTESTINES, CAUSING UNPLEASANT BOWEL PROBLEMS. DIAL SAYS PATIENTS SHOULD DISCUSS THE PROS AND CONS OF TAKING DAILY HEARTBURN MEDICATIONS WITH THEIR DOCTOR.

AMD IS A COMMON CAUSE OF BLINDNESS IN THE ELDERLY THAT AFFECTS UP TO 12 PER CENT OF AMERICANS OVER THE AGE OF 80. IN THE NEW STUDY, SUBJECTS WHO HAD HIGHER INTAKE OF FOODS WITH VITAMIN C, VITAMIN E, ZINC, AND BETA-CAROTENE HAD UP TO 35 PER CENT REDUCED RISK FOR MACULAR DEGENERATION THAN THOSE WITH THE LOWEST INTAKE. THE GREATEST DIFFERENCE WAS SEEN FOR DIETS RICH IN ALL FOUR NUTRIENTS. THE AUTHORS SAY THAT EATING THE ACTUAL FOODS WHICH CONTAIN THESE NUTRIENTS APPEARS TO BE MORE IMPORTANT THAN TAKING DIETARY SUPPLEMENTS, AND THAT FOODS PACKED WITH VITAMIN E AND ZINC SEEM TO HAVE THE GREATEST IMPACT. THERE ARE NO REGULAR BUSES TO THIS SCHOOL...THE PRINCIPAL BANNED THEM. SHE ALSO BANNED PASTRIES, POP TARTS, AND SUGAR CEREALS FOR BREAKFAST....WHICH MANY CHILDREN HERE EAT AT SCHOOL. LATER IN THE DAY, THERE'S AN HOUR OF PHYS ED .. AND THEN RECESS. THAT WE'VE REALLY SEEN IS KIDS WHO ARE HEALTHY AND ACTIVE REALLY DO PERFORM BETTER IN THE CLASSROOM. ALISON SLADE, THE PRINCIPAL, SAYS SHE'S GETTING RESULTS. SHE STARTED THIS CHARTER SCHOOL LAST YEAR IN A LARGELY HISPANIC NEIGHBORHOOD WITH LOW TEST SCORES AND HIGH OBESITY RATES....NOW, MANY OVERWEIGHT KIDS HERE ARE SLIMMING DOWN... AND.. IN A CITY WHERE MOST KIDS FALL SHORT OF THE STATE'S LITERACY GOALS, 80% OF NAMASTE STUDENTS ARE NOW DOING BETTER THAN THE CITY AVERAGE. SLADE STARTED THE SCHOOL BECAUSE SHE WAS HORRIFIED BY WHAT SHE SAW AS A TEACHER IN OTHER PUBLIC SCHOOLS. I USED TO SEE MY KIDS COME TO SCHOOL AND THEY ATE FIERY HOT CHEETOS FOR BREAKFAST AND LUNCH. HERE...NO CHIPS OR FRIES AT LUNCH...INSTEAD, A MINI SALAD BAR AND FRESH FRUIT...WHICH THE KIDS ACTUALLY EAT. THE SCHOOL ALSO SERVES FOODS LIKE PIZZA AND CHOCOLATE MILK, JUST NOT THAT OFTEN. THEY SUPRISE ME BECAUSE I DONT EXPECT A 7 YEAR OLD TO SAY NO TO DORITOS OR NO TO COOKIES. RIGHT NOW SO MANY PARENTS WANT YOGA, MEDITATION AND HEALTHY FOOD FOR THEIR KIDS....THE SCHOOL GETS 2 APPLICANTS FOR EVERY SPACE... THIS IS A PEACEFUL SCHOOL...NOT SOME KIND OF JUNKY SCHOOL.

YURIKO OSADA IS NOT A PSYCHOLOGIST. SHE HAS NO DEGREE IN CHILD COUNSELING. BUT THAT DOESN'T STOP HER FROM ENTERING A STRANGER'S HOME AND TRYING TO LITERALLY DRAG THEIR KIDS OUT OF DEPRESSION ALL ON NATIONAL TELEVISION. THIS 13-YEAR OLD - HIS FACE OBSCURED TO PROTECT HIS PRIVACY -HAS LOCKED HIMSELF IN HIS ROOM FOR MONTHS. HIS PARENTS HAVE CALLED OSADA FOR HELP. SHE BURSTS IN WITH A CAMERA AS HE TRIES TO CRAWL UNDER A TABLE. BUT THERE IS NO ESCAPE. OSADA SPECIALIZES IN TREATING THIS PHENOMENON KNOWN IN JAPAN AS HIKIKOMORI - PROLONGED TEENAGE WITHDRAWAL OFTEN FOR MONTHS AND YEARS. IN ALL HER CASES, SHE IS ASKED TO STEP IN AS A DISCIPLINARIAN - TO BOTH PARENT AND CHILD. "DO YOU KNOW HOW HE GOT TO BE LIKE THIS?" OSADA SNAPS AT THE PARENTS "BECAUSE YOU BABIED HIM! YOU ALLOWED HIM TO BE LIKE THIS!" AFTER A TEARFUL APOLOGY, THE CHILD DRAWS UP A LIST OF PROMISES TO HIS PARENTS: TO GO TO SCHOOL, EAT HIS LUNCH, AND STOP SUCKING HIS THUMB. THE PROBLEM, SHE SAYS, IS NOT THE CHILD. IT'S THE PARENTS. "ADULTS, PARENTS, HAVE TO MAKE A CLEAR DISTINCTION BETWEEN WHAT IS RIGHT AND WHAT IS WRONG FOR THEIR CHILDREN. IT'S NOT SHOCKING, IF I'M TELLING THE TRUTH. A DOCTOR MIGHT SAY IT'S A SHOCK. BUT I'M ONLY SAYING WHAT'S TRUE."

PSYCHOLOGISTS SAY OSADA'S TECHNIQUE IS DANGEROUS. "FROM BEGINNING TO END, I AM CRITICAL OF OSADA-SAN'S METHODS. I AM COMPLETELY OPPOSED TO THEM. HER METHOD IS BASED ONLY FROM THE PARENTS POINT OF VIEW AND SHE USES VIOLENT INTERVENTION." BUT OSADA'S METHODS ARE POPULAR ENOUGH TO SUSTAIN HER DORMITORY FOR HIKIKOMORI KIDS. HERE THEY FOLLOW A STRICT SCHEDULE OF STUDY AND PHYSICAL EXERCISE. NOT EVERYONE IS STRONG ENOUGH. MATSUMOTO IS 13-YEARS OLD BUT 2 YEARS OF LOCKING HIMSELF IN HIS ROOM AND EATING JUNK FOOD HAVE LEFT HIS MUSCLES TOO WEAK. EVEN WALKING IS PAINFUL. IN A QUIET, EXPRESSIONLESS VOICE, HE DESCRIBES HOW HE MET OSADA: "DAD WAS TALKING TO SOMEONE BEHIND THE DOOR AND HE TOLD ME TO COME OUT OF MY ROOM. I SAID NO AND LOCKED MY DOOR. BUT HE CAME BURSTING IN! HE GRABBED MY ARMS AND PULLED ME OUT AND THERE WAS A CAMERAMAN THERE!" THAT FORCED INTERVENTION MAY DELIVER MORE HARM THAN GOOD, SAY CRITICS. "VIOLENTLY FORCING TREATMENT UPON THEM MAY GET THEM TO PARTICIPATE IN SOCIETY. IT'S NOT IMPOSSIBLE, BUT IT MAY CAUSE MORE TRAUMA AND DISTRUST OR EVEN MAKE IT MORE DIFFICULT FOR THEM TO COMMIT TO TREATMENT IN THE LONG RUN."

SHE SAYS HER METHOD TEACHES CHILDREN HOW TO TAKE CARE OF THEMSELVES - INDEPENDENTLY OF THEIR PARENTS. HER SOLUTION IS A PHYSICALLY-DEMANDING, REGIMENTED SCHEDULE. IT'S 9:30 IN THE EVENING AND THESE KIDS ARE DOING THEIR 3RD AND FINAL ROUND OF PHYSICAL EXERCISE BEFORE GOING TO BED. THEY'RE GOING TO NEED THEIR SLEEP. TOMORROW AT 6 AM SHARP THEY'RE UP AGAIN FOR ANOTHER ROUND OF SIT-UPS AND PUSH-UPS." EVERY DAY, EACH CHILD HAS TO DRAW UP A LIST OF GOALS TO BE ACCOMPLISHED. THOSE WHO SUCCEED EARN MORE FREE TIME. THOSE WHO DON'T, ARE PUNISHED WITH MORE STUDY. "ALL YOU HAVE TO DO IS TEACH THEM HOW TO LIVE. IT'S OBVIOUS!" "PARENTS CANNOT MAKE THEIR CHILDREN HAPPY. ONLY THE CHILDREN THEMSELVES CAN MAKE THEIR OWN HAPPINESS." MATSUMOTO SEEMS TO ACCEPT HIS NEW LIFE. HIS GOALS ARE TO FINISH HIS DINNER AND COMPLETE AT LEAST 1 ROUND OF SIT-UPS AND PUSH-UPS. HE HASN'T SUCCEEDED YET. "IF YOUR MIND DOES NOTHING ALL DAY, YOU JUST FEEL TIRED AND I BEGAN TO LOSE MY SENSE OF TIME. I JUST STOPPED FEELING THE DAYS GO BY. SINCE I'VE BEEN HERE, I'VE BEEN ABLE TO REGAIN THAT SENSE OF TIME." OSADA CHECKS IN ON HER BOARDERS BEFORE LIGHTS OUT. MATSUMOTO'S CASE, SHE ADMITS, IS STILL A PUZZLE TO HER. WILL OSADA'S METHOD WORK FOR HIM? MATSUMOTO WON'T SAY.
